- Each variation of ± 10 g in paper weight entails $\pm 5\%$ of the copy cost

Note: For a maximum of 5 issues, the use of different paper is allowed - due to causes of force majeure - as long as it is of higher quality and with no cost variation for Rai Com.

3. Executive design delivery

- The supplier must provide FTP access for the uploading of PDF files.
- The files will be provided 2 weeks before the newsstand release date.
- Before printing, the supply of blueprints (paper and digital) is required.
- The blueprint approval will arrive within two working days.
- The supplier must deliver the printed copies to the distributor 7 days before the scheduled release day.
- For the first releases, the supply of a chromalin proof may be required.

Below is an example of the deadlines to be met:

release	Delivery of print files	Blueprint approval	Delivery date to distributor	Newsstand date
1	14/10/2025	16/10/2025	23/10/2025	30/10/2025

In compliance with the aforementioned deadlines, the supplier undertakes to send to Rai Com and the entities indicated by it the blueprint of each individual issue being produced for approval and, upon request, make the necessary changes.

Any delays in delivering the print file by Rai Com or its partner will be reflected in the delivery date to the address that will be communicated to the assignee.
